NOTICE OF APPLICATION TO IMPLEMENT AN INTERIM FUEL REFUND

On October 26, 2007, Entergy Gulf States, Inc., commonly referred to as Entergy Texas in the Texas service territory ("Entergy Texas"), filed an Application with the Public Utility Commission of Texas ("Commission") to implement an interim fuel refund to refund over-recovered fuel and purchased power costs as of September 30, 2007. This filing was made pursuant to P.U.C. SUBST. R. 25.237(a)(3)(B). Entergy Texas' filing impacts only the recovery of fuel and purchased power costs incurred by Entergy Texas and does not affect base rates that are currently in effect. All residential, commercial and industrial customers whose electric service rates include charges for fuel pursuant to Rate Schedule FF, entitled "Fixed Fuel Factor and Loss Multipliers," in all Texas territories served by Entergy Texas, are affected by the Application. The total amount of the over-recovery balance to be refunded through the proposed refund is approximately \$45,563,642 million, including interest. This proposed refund amount represents the cumulative fuel balance for over-collected fuel and purchased power expenses incurred through September 30, 2007. According to the Texas Utilities Code and Commission rules, Entergy Texas may not earn a profit on fuel and purchased power expenses and may only pass actual fuel costs through to its customers. Entergy Texas' fuel and purchased power expenses will be subject to final review by the Commission in Entergy Texas' next fuel reconciliation proceeding. The effect of the refund on customers' bills will vary depending on the rate schedule under which they take service. Entergy Texas proposes that all affected customers be provided a refund over a period of six months. Under the proposed refund, a residential customer using 1,000 kWh per month will be reduced \$ 8.03 per month, which is a decrease of approximately 7.1 percent as compared to current charges. Entergy Texas requests that the proposed refund be effective with the February 2008 billing month. Persons with questions or who want more information on the proposed interim fuel refund may contact Entergy Texas., Attn: Customer Service - Fuel Surcharge, 350 Pine Street, Beaumont, Texas 77701, or call (1/800-368-3749 (select option 1, then press 0)) during normal business hours. A complete copy of the filing is available for inspection at the address listed above.

phones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) at 1/800-735-2989. ENTERGY GULF STATES, INC. 11/7 W 1X

NOTICE TO CONTRACTORS OF PROPOSED TEXAS DEPARTMENT OF TRANSPORTATION (TXDOT) CONTRACTS

Sealed proposals for contracts listed below will be received by TxDOT until the date(s) shown below, and then publicly read.

CONSTRUCTION/ MAINTENANCE/ BUILDING FACILITIES CONTRACT(S)
Dist/Div: Beaumont
Contract 0028-06-068 for SEAL COAT, STRIPING AND RAISED PAVEMENT MARKINGS IN JEFFERSON County, etc will be opened on December 04, 2007 at 1:00 pm at the State Office.

NOTICE OF RATE CHANGE REQUEST

On September 26, 2007, Entergy Gulf States, Inc., commonly referred to as EGS Texas with regard to its Texas operations, filed its STATEMENT OF INTENT AND APPLICATION FOR AUTHORITY TO CHANGE RATES AND TO RECONCILE FUEL COSTS ("Application"). EGS Texas filed its Application with the Public Utility Commission of Texas ("Commission") and with those municipal authorities in the Texas service territory that have original jurisdiction over EGS Texas' electric rates.

EGS Texas is seeking a total increase over adjusted test year revenues of \$107.5 million, or an increase to EGS Texas' adjusted test year revenues in the amount of 7.56%. In accordance with PURA § 39.452(b), EGS Texas has proposed June 30, 2008 as the effective date of the rate change.

EGS Texas' filing also requests that the Commission reconcile fuel and purchased power expenses incurred during the period January 1, 2006 through March 2007 (reconciliation period), as well as fuel costs deferred from prior proceedings, and requests approval of a number of cost recovery Schedules and Riders.

In its Application, EGS Texas is, among other things:

- Proposing an increase in base rates (the part of the rates not including fuel costs or riders) for its Texas retail customers of \$64.3 million per year, or 13.4%, compared to adjusted revenues produced by its current base rates during the test year period of April 2006 through March 2007.
- Asking to include within rate base the capital additions made to plant since June 30, 1996.

- Asking to reconcile fuel and purchased power costs of approximately \$858.0 million incurred for the Texas jurisdiction during the reconciliation period and approximately \$17.1 million in Texas jurisdictional fuel costs deferred from prior proceedings. The reconciliation includes interest on any over- or (under)-recovered amounts. EGS Texas does not seek to implement a fuel-related refund or surcharge in this case.

- Proposing to add a number of new rate schedules or riders as follows:
 - Competitive Generation Services ("CGS") Tariff, which will be available to LIPS and LGS rate classes; CGS Cost Rider (\$637,281 annually), which will be charged to LIPS and LGS rate classes; and CGS Unrecovered Services Cost Rider, which will apply to non-participating customers (the rates for this latter rider are not yet proposed in the Application because the rates will be dependent on customer participation in the CGS program).
 - Experimental Market Valued Energy Reduction ("MVER") Service Rider, which will replace the current Interruptible Service ("IS")-related riders.

For each of the following described rate riders or rate realignments, if the Commission does not authorize recovery through the applicable rider, EGS Texas requests that the listed annual amount instead be included in and recovered through EGS Texas' base rates for the same cumulative rate effect.

- Purchased Power Recovery ("PPR") Rider: \$34.2 million.
- Municipal Franchise Fee Recovery ("MFFR") Rider: \$15.9 million.
- Energy Efficiency Cost Recovery ("EECR") Rider: \$3.9 million.
- Public Benefits Fund ("PBF") Rider: \$5.0 million.
- Fuel Realignment and Emission Allowances: \$1.8 million to be recovered through the fixed fuel factor rate.

EGS Texas also proposes revisions to its Miscellaneous Electric Service ("MES") Schedule changes resulting in a \$5.0 million cumulative increase compared to current Schedule MES rates. If the Commission does not authorize recovery through these increases, EGS Texas requests that the revenue effect be included in base rates.

In addition, EGS Texas is proposing to close Schedule RLU (Residential Street Lighting Service) to new business; re-open Schedule ALS (Area Lighting Service) to new business; and discontinue the following rate schedules: EEDS, IS, SSTS, LPS, HLFS, ISM, LILU, GS-GC, RS-Gc, FFBE, FFCO, FFFA; IPCR; WHS; PLS; and IHE (the latter except as to Rider TTC). EGS Texas also proposes minor to moderate modifications to a number of rate schedules, which are detailed in the tariff manual on file with the Commission and each municipality exercising original jurisdiction over EGS Texas' rates.

All customers and classes of customers receiving retail electric service from EGS Texas will be affected by the proposed changes contained in the Application. The following table shows the effect of the proposed rate increase (inclusive of riders and realignments) on existing rate classes:

Rate Class	# of Customers Test Year Adjusted	Percent Change in Base Rates & Riders	Percent Change Total Revenues*
Residential Service	338,170	26.39%	11.25%
Small General Service	29,601	6.05%	3.08%
General Service	17,864	23.05%	8.34%
Large General Service	307	24.00%	6.86%
Large Industrial Power Service	70	7.26%	1.73%
Interruptible Service	-	NA	NA
Lighting Service	1,667	42.99%	24.47%
Total Retail	387,679	21.63%	7.56%

NA=Not Application
*including fuel

Persons with questions or who want more information on this filing may contact EGS Texas at Entergy Gulf States, Inc., Attn: Customer Service-2007 Rate Case, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (select option 1, then press 0), then press 4)] during normal business hours. A complete copy of this application is available for inspection at the address listed above.

Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas (commission) as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is December 7, 2007.
